

24-MONTH STEM OPT EXTENSION CHECKLIST

REMINDER

The Office of International Students and Scholars must update your I-20 to reflect our support of your petition to file for the STEM OPT Extension. It is your responsibility to complete the required application and submit it in a timely manner to USCIS. **Your application must be received by USCIS before your OPT EAD expires and within 60 days of the issuance of the Form I-20.**

We highly recommend typing the forms instead of completing them by hand. If you do complete the forms by hand you must use black ink.
