Dropping and Adding classes

Registered courses cannot be "swapped". To change classes (even those at the same subject and level) the registered class must be dropped (refunded, if within the deadline period) and the new class must be registered (charged). The total number of billed credit hours will show ALL credits billed modified by any refunded billed credits for dropped courses for courses dropped before the appropriate refund date (i.e.: A regular undergraduate is originally registered for 16 credits, drops a 4 credit course before the 100% Refund date and adds a 3 credit course. Total number of billed credits will be 19 credits with 4 credits refunded at 100%).
